

New level of imagination and luxury

Have a spectacular Christmas party night at Best Western Ufford Park.

Following the huge success of last year's Venetian Christmas open party nights, this year sees Ufford Park Hotel, Golf & Spa take its party nights to a new level of imagination and luxury. Located near Woodbridge, in Suffolk, the 87 bedroom hotel is the ideal venue for your corporate Christmas or New Year party night.

This Christmas and New Year you are welcomed into the magical world of 'Narnia' with the Deben Suite becoming transformed around the fairytale theme of The Lion, The Witch & The Wardrobe - with twinkling icicles, the wardrobe, Aslan and Mr Tumnas.

Open party night prices start from £40 per person (Including a three course dinner, themed décor and disco). If you are attending either an open or private party night you will be eligible for a special B&B rate from only £33 per person (based on double occupancy and subject to availability).

acceptable at a party. This may apply particularly to rules on sexual harassment which were given a far wider scope by recent legislation. Over the years there have been many claims for harassment after Christmas parties and there is case history of a Mrs Weston taking her employers, Merrill Lynch, to the Employment Tribunal after harassment by a drunken male colleague. She accepted an out of court settlement of £500,000 - that certainly wrecked the firm's budget for that year's party. You should have a defence against problems that do occur if you have been proactive in your diversity training and have written policies on discrimination, harassment and bullying. Make sure all employees are conversant with health and safety policies but do remember that having the policies is not much use unless your staff are aware of them and training has taken place.

Now, if you have not been put off by all these words about responsibilities and the law, do try to make sure that everything has been risk assessed by the person responsible for organising the party. If some stories are anything to go by, and the party is in your own offices, it may make

sense to lock the photocopier away - not so much because of the pictures that may be produced but to save the glass getting cracked or the photocopier broken.

Some careful thought and planning now can produce a very worthwhile and memorable event at a really nice venue - something that shows that the company cares for and is interested in the wellbeing of its staff and wants to reward them for their contribution.
